

# David Habakkuk

## Front-End Developer

Email: davidhabakkuk984@gmail.com

Portfolio: habdev.vercel.app

### Professional Summary

A passionate and results-driven Front-End Developer with a proven track record in creating responsive, user-focused interfaces. Proficient in HTML5, CSS3, JavaScript, and modern frameworks like Next.js, with expertise in building scalable and cross-browser compatible web applications. Adept at collaborating with cross-functional teams to deliver high-quality projects.

### Technical Skills

- Programming Languages & Frameworks: HTML5, CSS3, Sass, Tailwind, JavaScript, React.js, Next.js, TypeScript
- Responsive Design: Expert in designing interfaces with responsive design principles for optimal user experience.
- Version Control: Proficient in Git for collaboration and version management.
- Tools & Platforms: Firebase, Expo, NativeWind

### Experience

#### Front-End Developer

Freelance | Remote | 2023 - Present

- Developed responsive and high-performing user interfaces using React.js and Next.js.
- Collaborated with clients to translate business requirements into interactive and functional web applications.
- Ensured cross-browser compatibility and optimized design for mobile devices.
- Utilized Git for version control, ensuring smooth collaboration and project tracking.

#### React Native Developer

Personal Projects | Remote | 2024 - Present

- Built a currency exchange wallet and card redemption app using Expo and React Native.
- Implemented modern design principles with NativeWind for cross-platform mobile apps.
- Integrated Firebase for backend services, including authentication and database management.
